Brief Introduction

Khalsha Consultancy Services Pvt. Ltd. is one of the leading Company of India, working in the segments education consultancy and skill development. A company which empowers the youth to acquire best opportunities, to join modern workforce. It is playing vast & vital role in the development of the nation through quality education technology. The main focus of the Company at this time is in the area of skill oriented trainings to the masses.

The assessment research & development team at Khalshaconsultancy has created a bouquet of validated tests in areas of Cognitive Abilities, Personality Type, General Abilities and Domain skill sets in sectors like Automobile, Engg. Services, Construction, Retail, Medical & Nursing, IT, Banking & Commerce, Security, Agriculture & Leather Technology etc. Ultimately the real one discriminating factor between an average company and a great company is its people. And Organizations will win when they have the best people with optimum skill sets.

Our Domain

- Skill Development
- Assessment
- Assessment Platform Provider

Mode of Assessment

- Online Assessment
- Offline Assessment
- Tablet Based Assessment

Assessment Application Platform
